

PULSE INNOVATIONS - SMART CABINET

Smart Asset Tracking with Access Control

Utilizing RFID technology in combination with item-level reporting, the Pulse Innovations Smart Cabinet gives pharmacies and healthcare organizations precise, real-time inventory management to effectively automate and optimize the management of medical supplies.

- Plug & Play
- Real Time Cloud-based Asset Tracking
- Cost-Effective
- Secure Asset Management
- Counterfeit Protection

Provide in-depth insights on item usage and allow staff to quickly replenish stock with the Pulse Manager Software.

Item data & analytics

Quickly and conveniently read the data gathered by the Pulse Smart Cabinet from a web browser. Easily keep track of total daily item usage and help staff understand the daily product usage from the smart cabinet.

Send notifications on important matters

The Pulse Manager software notifies staff with an email or text notification with all the necessary information to track inventory and minimize stock-out. User can set automatic controls for max/min in inventory.

Remote Asset tracking with Pulse Manager Enterprise

The Pulse Innovations advanced cloud-based software aggregates the data from all the Smart Cabinets from multiple locations into one centralized management platform. This provides the entire supply chain an accurate view of inventory levels and status

HOW IT WORKS

1. The Pulse Smart cabinet automatically scans all items with affixed RFID tag, 24/7
2. Secure Access: An NFC Smart lock reader on the cabinet door scans your keycard, fob or other RFID credentials.
3. A built-in camera captures images of the employee with a timestamp that associates the images with the item description. Enabling item traceability and accountability.
4. All captured data is instantly and automatically uploaded to the Pulse Manager software on-premise or in the cloud which can be accessed from a web browser.

- ✓ Pulse Manager Software & Enterprise
- ✓ Ethernet, Wi-Fi Connection, 4G optional
- ✓ Smart Lock - Access control
- ✓ Height Adjustable Shelves
- ✓ Optional Wheels For Mobility
